Phonics Consolidation & Reading Support

SERVICE OUTLINE

This service supports children who struggle with phonological awareness/recognition and reading. It is designed to help teach children the relationship between letters and sounds and develop the skills needed to read and write.

Our supportive team can help children to develop and consolidate reading, listening and learning with phonics practice. The service covers early literacy skills such as sound /letter recognition and blending and segmenting words. It also helps children to understand how letters are linked to sounds.

After a phonics assessment a tailored support programme is delivered to help the child build confidence and start their reading journey in a relaxed and fun learning environment. A variety of resources are used, chosen to suit each child's needs

Who is the service suitable for?

Children in any school setting can become anxious and worried when they are not able to make sense of letters and sounds. They can quickly become overwhelmed during Literacy lessons. They may struggle, lack confidence, and perhaps not make the desired progress.

This service therefore provides the additional practical support needed for children to regain their confidence, make learning fun, and enhance their phonological awareness and early/foundation reading skills.

How is the service offered?

This is available as a 1:1 intervention delivered at home or in school as required.

Fees

Please refer to our Fees and Services document.

About Cathy Darby

SEN Primary Phase Advisor & Sleep Practitioner

Cathy is a member of The British Psychological Society and qualified from the Open University with an honours degree in Psychology in 2017. She has worked in education for 22 years in primary settings and has extensive experience of supporting parents/carers and children. Cathy has undertaken a variety of posts including SEN 1:1 Teaching Assistant, Deputy Special Educational Needs and Disability Co-ordinator, and Designated Deputy Safeguarding Lead.

Cathy combines her knowledge, skills and understanding of working with children, parents and outside agencies, with her passion for supporting the needs of families in a friendly and supportive manner
